

What will I learn?

This course will help you to learn:

- About the types of jobs and building sites you could work in and what it would be like to work in the construction industry;
- How to do basic Brickwork, Plastering, Joinery, Painting and Decorating, how to keep a work area clean tidy and how to work safely in the construction industry;
- About environmental issues, health and safety and law in the workplace.

How will I learn? The course is based on the Llangefni Coleg Menai site for 3 hours a week in Year 10 and 11 and transport will be provided from and back to your school. This course is a mix of classroom and practical tasks and you will get a chance to prepare and practise your skills before you are assessed so that you know and understand what you will have to do.

What will I need? Students will be required to wear suitable personal protection clothing (safety boots and overalls) which will be available from the College.

How will I be assessed? You will produce coursework which is assessed mainly by your course tutor. At the end of each course unit, you will complete a practical task exam that will test your knowledge.

What happens after this course? After Year 11, you could go on to the City and Guilds Construction Skills level 2 or a day release ICA/NVQ level 2 construction course. After all this, you will be well prepared for work and/or to start further training in the construction industry.

But, if you don't fancy carrying on with construction, you could choose other suitable qualifications depending on what you want to look at next. Your careers adviser will be able to help you with your choices when you leave school.

Job Ideas!

- Bricklayer
- Painter and Decorator
- Plasterer
- Joinery
