

What will I learn?

This course will help you to learn:

- About the types of jobs and places you could work in and what it would be like to work in the automotive industry;
- How to do basic mechanical equipment servicing and scheduled maintenance jobs, sheet metal working, cutting and welding, how to keep a work area clean tidy and how to work safely in the automotive industry;
- About environmental issues, health and safety and law in the workplace.

How will I learn?

The course is based at the Llangefni Coleg Menai site for 3 hours per week in Year 10 and 11 and transport will be provided from and back to your school. The course is a mix of classroom and practical tasks and you will get a chance to prepare and practise your skills before you are assessed, so that you know and understand what you will have to do.

What will I need?

Students will be required to wear suitable personal protection clothing (safety boots and overalls) which will be available from the College.

How will I be assessed?

You will produce a log book and portfolio which is assessed mainly by your course tutor.

What happens after this course?

After Year 11, you could go on to the City and Guilds Auto Maintenance and Repair or a day release City and Guilds Auto Maintenance course. You could also study a full-time EAL Performing Engineering Operations Level 2 course at the college. After all this, you will be well prepared for work and/or to start further training in the automotive industry. But, if you don't fancy carrying on with automotive engineering, you could choose other suitable qualifications depending on what you want to look at next. Your careers adviser will be able to help you with your choices when you leave school.

Job Ideas!

- Car Mechanic
- Heavy Vehicle Mechanic
- Engineer / Technician
